A KODAK YOU'VE READ ABOUT

The No. 2c Autographic

KODAK

Junior

equipped with

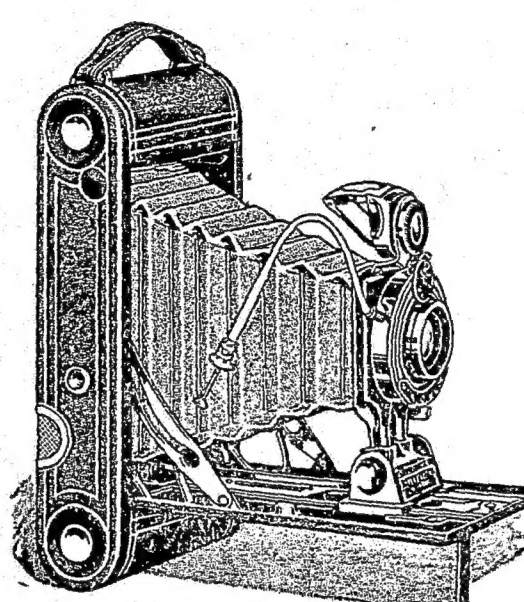

Kodak Anastigmat

f.7.7 Lens

and

Kodak Ball Bearing Shutter

\$25.00

This Camera fits into a niche, all its own. The picture it makes, 2 7/8 x 4 7/8 inches, is almost up to the full post card size and yet the camera is small, light, convenient.

The Kodak Anastigmat Lenses are made to exactly fit Kodak requirements. They are, in each case, designed with particular reference to the size and type of Kodak and shutter that they are to be used with. The f.7.7, on the 2c Kodak has more speed than the best rectilinear lenses and at least equals the best anastigmats in depth and sharpness.

The Kodak Ball Bearing shutter has speeds of 1-25, 1-50 and 1-100 of a second for "snap-shots," has the usual time and "bulb" actions for prolonged exposures.

The No. 2C Junior is covered with grain leather, is finely finished, is simple in operation and, with the Kodak Anastigmat lens, produces negatives having that crispness and sharpness that are characteristic of the true anastigmat.

A KODAK YOU'VE READ ABOUT

The No. 2c Autographic

KODAK

Junior

equipped with

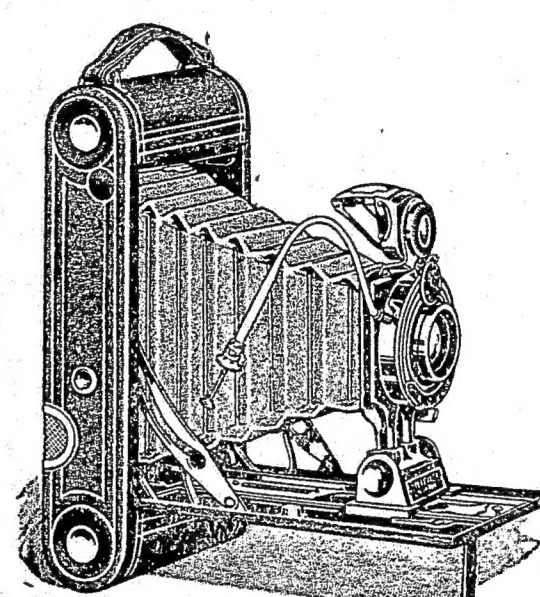

Kodak Anastigmat

f.7.7 Lenses

and

Kodak Ball Bearing Shutter

\$25.00

This Camera fits into a niche, all its own. The picture it makes, 2 7/8x4 7/8 inches, is almost up to the full post card size and yet the camera is small, light, convenient.

The Kodak Anastigmat Lenses are made to exactly fit Kodak requirements. They are, in each case, designed with particular reference to the size and type of Kodak and shutter that they are to be used with. The f.7.7, on the 2c Kodak has more speed than the best rectilinear lenses and at least equals the best anastigmats in depth and sharpness.

The Kodak Ball Bearing shutter has speeds of 1-25, 1-50 and 1-100 of a second for "snap-shots," has the usual time and "bulb" actions for prolonged exposures.

The No. 2C Junior is covered with grain leather, is finely finished, is simple in operation and, with the Kodak Anastigmat lens, produces negatives having that crispness and sharpness that are characteristic of the true anastigmat.

Let us show you the big value this Kodak offers

BATES—WEST PARIS

At the next regular meeting of the Grange is to be discussed the advisability of holding their annual fair, this fall. All the members are expected to be present. At the last meeting two candidates were given the first and second degrees and it was voted to invite South Paris Grange to visit here June 11, and to ask them to confer the 3rd and 4th degrees. Pleasant Pond Grange is also to be invited for that day.

Reception

A very pleasant affair was the reception given to Rev. H. F. Aldrich and family, the new pastor of the Federated church. The L. O. O. F. hall was prettily decorated with the national colors, a U. S. Flag and Christian flag and words "Welcome" in red letters. Beautiful red and green potted plants and ferns were across the stage while apple blossoms in vases were on the small tables up and down the sides of the hall. Large rugs were on the floor.

The receiving line was headed by S. J. Lyons and Columbia D. Dunham to represent the church, and A. D. Littlefield of the North Paris church. Next to them were Rev. and Mrs. H. A. Markley of the Universalist church, Rev. A. Raita of the Finnish church, then Principal Combs representative of the day schools and Earle Bane, Supt. of the Sunday school, who introduced the people to the new pastor and his wife and three daughters, Gladys Genevieve and Louise and little son Herbert.

The program consisted of addresses of welcome from S. J. Lyons, A. D. Littlefield, Rev. H. A. Markley, Rev. A. Raita, Mr. Combs and Earle Bane all of which were very cordial and interesting which were graciously responded to by Rev. H. F. Aldrich.

Ice cream and cake was served. About 125 were present and pronounced it all very enjoyable.

A grand surprise party was given to Marjorie McAllister, a variety shower at the home of her friend, Ethel C. Flavin. A company of 75 people gathered at 8 o'clock and half an hour later Miss McAllister arrived in company with Ethel and Laura Flavin from a call at the home of the latter. Many pretty and useful gifts were received by the prospective bride including a good number of pieces of pyrexia aluminum, silver and many other gifts. A number of piano selections were rendered by Mrs. Grover, Olga McKee, Beatrice Davis and Mrs. Wardwell and A. T. Hollis gave two readings selections, making an enjoyable evening's program. After the refreshments, more music by the young people of old and new songs.

FRYEBURG

Fryeburg Loses One of Its Best Citizens
Wm. Henry Tarbox, one of Fryeburg's oldest and best citizens, passed away at his home on Main street, May 21, after a lingering illness of nearly two years.

Mrs. Tarbox, who was Anne Walker, passed on in July, 1920.
Mr. Tarbox was the second son of Dominicus and Stella Paine Tarbox, and was born in Denmark, May 5, 1839. The Tarbox family was one of the most prominent families in Denmark. All of the nine children of Mr. and Mrs. Tarbox (five boys and four girls) grew up and were married save one daughter, who died at the age of fourteen.

Wm. H. Tarbox went to California when a young man, where he engaged in business for several years, returning he had his headquarters in Boston. He was a contractor and under his supervision many of the finest buildings in New York, Boston and Washington were built. He was in Florida for two years, having charge of the construction of a palatial residence for the Carnegie Brothers, Andrews and Thomas. Mr. Tarbox was a man noted for his integrity and upright dealing. He had a large circle of friends who appreciated him for his true worth and sincerity.

Mr. Tarbox retired from business about ten years ago, since then has resided with his family in Fryeburg. He was a member of Pythagorean Lodge of Masons of Fryeburg, a member of the I. O. O. F. in Stockton, California, also a member of Pequot Lodge, K. of P. No. 34, of Fryeburg. Mr. Tarbox leaves one daughter Clara, and a son, James W. who reside at home and have been most indefatigable in their devotion and loving care of their parents; also one brother, Wallace R., of Fryeburg, and several nieces and nephews.

Funeral services were held at the home Tuesday afternoon, Rev. Mr. Wilde officiating. Leslie Rogers, a nephew of Cambridge, Chester Tarbox, also a nephew from Harrison and Dr. Wm. Lord and Philip Abbott of Baldwin, who married nieces of Mr. Tarbox acted as bearers. The impressive service of the Masons was performed. Many beautiful floral tributes blanketed the casket and showed the high esteem in which Mr. Tarbox was regarded. Interment was in Pine Grove Cemetery.

NORTH WATERFORD

Grangers Cheerful
Reports from the last "spasm" was cheerful as a good sum was realized toward Grange Hall repairs, the program was very good. Florence Card got the big box of chocolates by guessing correctly the larger number of disguised friends and neighbors. Some laugh, and some show. Nearly 200 attended and the dancers seemed to have more "pep" than ever. It may have been because they had more elbow room as the hall was much larger. Possibly the orchestra playing nearly all 1921 copyright music (except for the contras) accounts for the many encores. Whatever the reason, it pleased the committees in charge. The ice cream was sold out early in the evening and more could have been sold. The hardwood floor has arrived, and several grangers are working on the building, still more members are working on the next program in connection with dancing and refreshments for the next "spasm." All members, including the new ones, seem enthused and cheerful.

JOSEPH ANDREWS WRITES

Pittsburgh, Pa., April 5, 1921.

Dear Advertiser:

I shall begin this letter by quoting
from several letters that I have received
from friends that will be of more inter-
est than anything I can write. Under
date of Jan. 17th Mrs. Swan writes from
"Happy Camp," Calif., in part as fol-
lows: "Charles is now practically
blind, and suffers constantly, but the
pain is still endurable. But the time is
not far distant when opiates will be
necessary. It is hard seeing him in
such a terrible condition, and to know
there is no hope for him. One wonders
why such things have to be. Life when
one sums it up is but 'vanity and vexa-
tion of spirit.' We do our best as we
think, but when we look back our life
has been one mistake after another.
Perhaps such things are to wean us
away from the world, and we should
trust in Him, who doeth 'all things
well.' But the flesh is weak, and we
cling to our loved ones, and sorrow for
them when they are lost to our mortal
eyes. Charles' condition is such that
he requires a great deal of care, and
since his eyesight has gone I have to
read aloud to him, which takes quite a
lot of time, but I am only thankful that
I am able to care for him, and do all I
can to lighten his sad lot."

Charles Joseph Swan, the playmate of
my childhood's home 70 to 73 years
ago, bright-eyed, curly headed, hand-
some, the joy and pride of his par-
ents' home, today he lies prostrate upon
a bed of pain. For two years a help-
less paralytic, and for the past year a
hideous cancer on the face is slowly eat-
ing his life away. It is indeed a sad
picture, and earlier still for he has a
little woman, his wife, who doubly be-
reaved by the tragic death of an only
daughter a year ago, stands bravely at
his bedside and cares for him day and
night, and patiently awaits the closing
of another tragedy which cannot be long
delayed.

Under date of March 18th, my niece,
Mrs. Fannie Gile, writes from Glen-
dale, Cal., in part as follows: "It is
very quiet here now. Eli does not
work half the time, and is not doing any-
thing now, only keeping the place clean
up. He has got a paint rigging and
hopes to get some work to do soon.
Baby Lyle is not five months old and the
pet of the house. He is a smart little
fellow. Mabel is pegging away at her
old job. She ought to have a rest."

Under the date of Feb. 7th, my neph-
ew, Charles E. Andrews, who has been
living in San Diego, Cal., for the last
two years, and who last fall bought a
home there, writes me about local af-
fairs as follows: "We had a South Dako-
ta picnic here, Saturday. It was a
damp, threatening day and not so many
out as there might have been. About
five hundred registered, and from the
people we know who were not there, I
think that there must be a thousand
people or more from South Dakota.
Seventy registered from Sioux Falls,
S. D., alone and only sixteen from Tur-
ner Co., and we know twice that number
and more from there that are living here.
They all report a fine winter back home,
also hard times on account of low prices
of farm crops. Still I see where far-
mers from Turner Co. have sold cattle
for about 10 cents a pound, and hogs
nearly as high. You and I have sold
them at less than half that price many
times, and hardly ever up to that price.
But we who have quit farming may feel
the effect of low prices pretty severely
on account of being compelled to grant
extensions on money due us. I have
only been asked to grant one exten-
sion so far, but then none of my money
is due until the first of March, so there
may be others. We are living without
a great deal of expense since we quit
paying rent. Our garden and chick-
ens help considerably, as we have all
our vegetables except potatoes. We
have strawberries getting ripe already.
Our eight hens lay more eggs than
we can use so I sell some. They are
down to 45 cents, were 93 cents in
December. Butter was 90 cents, now
50 cents. Milk, bread and nearly
everything else is down some, but not
in proportion to eggs and butter. If
the financial depression in the east has
not hit the Coast yet. The January bank
statement showed ten millions more on
deposit in San Diego than a year ago,
about forty-three millions now. The
city is full and running over with
tourists, and all seem to have money to
spend and are spending it freely. Rents
are away up, and houses are much
higher than a year ago, but if times
should keep dull East another year
towns out here would feel it more
doubtly, but they are hoping here that
a wave of prosperity will soon start
westward from the east and overtake
the wave of depression that has been
gripping the East for months and swal-
low it up long before it reaches the
coast. Oh, well, it is a good thing to
be hopeful."

My next letter is from Rev. Josiah
Heald, D. D. and wife, nee Pike. Rev.
Mr. Heald is a native of Lovell Center.
Mrs. Heald of Slow or Fryburg.
They are both ordained ministers, and
at one time were for at least one year
pastors of the Congregational churches
in Lovell. For more than 15 years he
has been Superintendent of the Congre-
gational churches in New Mexico and
Arizona. Mrs. Heald acts as his an-
cretary as well as housekeeper. I quote
their letter in full although rather
lengthy:

"505 Cliff St., El Paso, Texas,
Dec. 28, 1920.

Dear Friends—The year that is clos-
ing has been an eventful one for us.
We have bidden farewell to the home
has been ours for so many years, and
established ourselves in a new one. El
Paso is a city of 33,000 people, four
times as large as Albuquerque. Nat-
urally it possesses some advantage over
the smaller city, but the first consid-
eration on making choice of El Paso as
a place of residence was that so
many railroads pass through it, mak-
ing it easy to reach all portions of the
large field. These railroad facilities
have been used pretty fully this fall by
both of us. Since last spring, after
selling our house in Albuquerque we
made the entire circuit of the field in
the missionary automobile, staying two
weeks in El Paso, two weeks in Hun-
tstone, Arizona, one month in Hum-
boldt, and one month in Gallup, New Mexico.
At the other points we made only brief
visits. Our longer visits were made to
help out the places where pastors were
vacant. We came around to El Paso
again in the latter part of August, and
again stopped at Albuquerque to finish
packing and shipping such of our goods
and furniture as we had not sold. Here
we had to choose between buying a house
and paying twice what it is worth, and

paying double its value for rent. We
chose the latter, hoping that present
conditions would be temporary. We
are pretty comfortable in our present
apartment, but do not feel quite at
home.

"Another advantage of being in El
Paso would have our son
Joe with us. He is in the real estate
and insurance business here. It is
worth a good deal to us all to be to-
gether. We cherish those family ties
all the more strongly because they
have been broken during the year by the
going of our dear Clarence. He died
last September, of sleeping sickness
(encephalitis). The malady had long
been working in his system, probably
since his army life, manifesting itself
in intestinal disturbances, neuritis, and fi-
nally when the bacteria reached the brain
in the fatal symptoms which go with
the disease. He had been very active
since he left the army. He did a good
deal of study in his profession as expert
accountant, successfully passed his ex-
aminations at O. P. A., and was making
rapid progress in connection with a prom-
inent firm in San Francisco. He was
given his degree at the University of
New Mexico, credits for the uncom-
pleted portion of his course being al-
lowed on account of his subsequent
studies. He had nearly completed the first
of a series of text books for the Heald's
Business Colleges. He was the organ-
izer of the San Francisco Post of the
American Legion, and gave a great deal
of time to its interests. He was Sec-
retary of the International Society of
Genealogy and Eugenics, and of several
similar city and state organizations. His
researches in this line would have been
of great interest to all branches of his
family, had he lived to complete and
make them public. His activities con-
tinued unabated until a short time be-
fore his decease, notwithstanding that
gradually impaired health must have
made it hard for him to work. The
attendance of a large number of men
at the funeral service attested the great
esteem in which he was held. His
wife has borne the blow bravely. She
and the little daughter, Evelyn Claire,
of two years, are fairly well provided
for by his war risk and other insur-
ance. They continue to live in Ala-
meda, although we and one other mar-
ried children offered them a home."

"We saw daughter Bessie and her
family twice during the year. In the
month of June, which we spent in Hum-
boldt, Arizona, they visited us for two
weeks. In September they drove from
their home at Long Beach, 50 miles, to
attend Clarence's funeral, making the
trip in one drive. At the time their
little daughter Rosemary was but seven
weeks old, but she stood the trip well.
We drove back with them, taking two
days for the trip and since we have
visited with them once when I was called
to Los Angeles in November. David,
the little son, is a lively lad of three
years. Kenneth has been doing field
work in Wyoming and Oklahoma, this
fall, and his wife and little girl, Mary
Katherine, have meanwhile been visit-
ing with her parents in Denver. He has
been suffering with acute indigestion due
to the confinement of office work, but the
strenuous out door life has completely
cured him."

"He weighs 190 lbs. and cats
like an ox. Evidently he is working
like one, too, but it seems to agree with
him. He says: 'Fetch it on; I eat it
up.' He expects to finish his field work
and get back to Washington about the
first of January to receive a short visit
from his father, who has to make a trip
to New York about that time. We ac-
knowledge with thanks all kind holiday
greetings from our friends, and wish to
assure you that they are heartily recipi-
tated, and that you all have our best
wishes for a happy New Year. Most
truly yours, Josiah H. Heald, Kath-
erine P. Heald."

"Jan. 19th, J. H. H. left for the
north the morning of Jan. 3d. He found
Kenneth looking splendid, he wrote, and
sent a delightful visit, although the con-
stant rain or bright snow made it im-
possible. He had a successful mis-
sion in New York, and is now on his
way home, stopping in Iowa for some
speaking engagements. I expect him
here next week. K. P. H."

The following letter of appreciation
written by my young friend, Charles
Stanford, son of one of my boyhood
schoolmates, Mrs. Mary Russell Stan-
ford, I quote in full:

"Lovell, Maine, Dec. 1, 1920.
"Dear Mr. Andrews: For the past
few days I have been reading some of
your letters in the Advertiser, collected
and carefully preserved by Sumner Kim-
ball, and in one printed Feb. 9, 1912, I
found this paragraph: 'My father, who
owned a large tract of timber, in order
to be near his wife either by rail or
built the house long owned by the late
John Weeks, and now owned by Alvin
Head of Green Hill, N. H. I thought
perhaps it might interest you to know
what has happened since, while on an au-
to ride, Ruth Kimball, called on me
at the home of Alvin Head. We were
attracted to the place by an enclosure
in the yard in which was a tame deer.
Mr. Head told us that he caught the
deer on Memorial Day, 1920, when it was
a few weeks old. It was very tame, and
little did we think we were at your old
home.' So much for the careful pres-
ervation of your letters by Mr. Kimball.
You last visited here. Many of the old-
er inhabitants have passed beyond the
silent river. Two of our boys, Benja-
min and Ivan Head, sons of Ira Head,
laid down their lives upon the altar of
a nation's need in the Great War. Along
the shores of beautiful Lake Kewau-
wan, near, costly and beautiful cottages
have been built and each I sold at an
average of 50 cents a bushel, the low-
est being 55 cents a bushel. In 1917
and '18 I raised over 3,000 bushels of
fine corn which I sold for 16 cents a
bushel, and hauled a part of it four
miles to market."

Again in about 1893 wheat went flat
in South Dakota, and corn sold down to
about 12 cents a bushel, and oats to
about a nickel, live hogs sold for two
cents a pound and fat cattle the same.
That year I had a few fat hogs which I
dressed and took to Yankeetown 30 miles
away and sold at 3 cents a pound. I
sold a fine large milk cow at \$16.00, and
I bought 5 yearling heifers and a steer
for three dollars each. I also bought
at a farm auction sale a 1400 lb. 4-year-
old colt for \$43.00, and a fine driving
mare 9 years old for \$40.00."

I believe that within the next two years
that the financial, agricultural and labor
questions will be settled in a satisfactory
manner, and that this great and Glorious
Country of ours will start on an un-
precedented era of prosperity, which will
last for many years.

Yours truly,
JOSEPH ANDREWS.

FATHER FOUND TWO-YEAR-OLD BOY VERY SICK

Was Thin, No Appetite, Had Swollen Lips, Stomach Pains, Itching Nose

A hardy woodsman and enthusiastic
fisherman, Joseph K. Lane, of Lincoln,
Maine, has a very interesting record to
report. He writes: "As a boy, thirty-
seven years ago, I began to take Dr.
True's Elixir. One after six months
hauling logs, I came out of the woods
and found my two-year-old boy very sick.
He was thin, had no appetite, had swollen
lips, pains in stomach, an itching
nose, was suffering from constipation,
for months."

"I had not been in the house an hour
when an elderly lady—a good neighbor
came in and told my wife to get a bottle
of Dr. True's Elixir, saying she had seen
numbers of similar cases which it had re-
lieved."

"My boy was given a half dozen doses
of Elixir when he passed a lot of little
worms, and right away began to show
improvement; he began soon to eat with
a relish, play around and look healthy.
He did not have to take a full bottle, and
in later years, whenever he got off his
feed, a few doses would straighten him
out quick."

"When I got constipated, a couple of
teaspoons of Dr. True's Elixir fix me O. K."

"My son is grown up now and has a
family of six children, and he has prac-
tically raised his family on Dr. True's
Elixir. The children go out and get hold
of something not good for them. It's
hard to watch all the children, and so
when they eat something they shouldn't,
and get sick, the Elixir is given and the
family is put in good shape again."

"I have read in the papers you have
to take a half dozen bottles of some rem-
edies, but you don't have to do this with
Dr. True's Elixir. Simply a few doses
exactly the amount of heat you need—
generations of Lanes have been kept healthy
by using it."

Symptoms of Worms: Offensive breath,
swollen upper lip, deranged stomach, oc-
casional pains about the navel, pale face,
eyes heavy and dull, twitching eyelids,
itching of the nose and rectum, short dry
cough, grinding of the teeth, red points
on the tongue, starting during sleep, low
fever, constipation.

JOSEPH K. LANE

Nearly every grown up and every child
needs a Laxative. The fond parents safe-
guard the health of their children by
keeping their bowels in condition. In Dr.
True's Elixir only pure herbs are used.
No harmful drugs. Keep the bowels regu-
lar by using Dr. True's Elixir. At all
dealers, 3 sizes. Buy the larger size.—Adv.

Fire on Speckled Mt.

A large crowd from this and adjoining towns gathered Monday to aid in the observance of the memorial exercises. The Ladies' Relief Corps, school children, and citizens formed in line and marched to Hillside Cemetery where the graves of our honored dead were decorated with flags and flowers, marching back to the vestry where dinner was served to several hundred people by the ladies of the town, after which all who could, repaired to the Church and listened to an eloquent address by Rev. C. G. Miller of South Paris. He reminded us that Stoneham had always been a patriotic town, sending to the Civil war more soldiers than there were voters in town. In our little cemetery the war of 1812, the Civil war, the Spanish war, and the World's war are all represented, and one Red Cross Nurse is resting there, but very few of the Civil war veterans are with us now, let us show them our love and respect while we may, not keeping all the flowers to lay on their graves, and not wait for Memorial Day to honor them for each year finds their ranks thinner.

EVERYBODY SEES A CHANGE IN FATHER

Grateful Son Says His Father Looks Like Different Man Since Taking Tanlac

"My father has suffered from chronic stomach trouble for over twenty years and has paid out thousands of dollars for medicines and doctors," said G. W. Slayton, a well-known Cobb County farmer, living a short distance out of Atlanta, Ga.

"We tried nearly everything trying to cure him and he went off to the Springs, thinking maybe the water might help him but it just looked like nothing would reach his trouble. Then he tried dieting and lived on liquid food until he almost starved, but even that failed to do him any good and he just kept going from bad to worse."

"I don't guess there ever was a case as stubborn as his and if there ever was a confirmed dyspeptic, he was one of them and I guess he would have been one yet if it hadn't been for this Tanlac."

"The first we heard of this medicine was when my father saw an advertisement in the papers from parties he knew in Tennessee, who were friends of his and he knew what they said about it was the truth so he got it right away and began taking it. Well, sir, it acted just like magic—everybody notices the change in father. Why, he is just like a different man and sits down to the table and eats like a farm-hand. Only yesterday he ate pork and turnips for his dinner and ate so much we were actually afraid he was going to over-do the thing, but he laughed and said nothing hurt him now, and that he was hungry and expected to eat and make up for lost time."

"Now, when a medicine will do things like that I think people ought to know about it and I want to say right now that I would not give one bottle of Tanlac for all the other medicines and health resorts in the country put together."

Tanlac is sold by A. L. Clark Drug Co., Norway; Stowell Bros., Locke's Mills; R. E. Pinkham, East Waterford; W. H. Brown, East Stoneham; Heald, Stearns & Kimball, Lovell; H. L. Hutchins Co., North Fryeburg; L. B. Rounds & Co., Waterford, and P. G. Barrett, Welchville, Me.

Georgetown, Ill.—"After my first baby was born I suffered so with my left side that I could not walk across the floor unless I was all humped over, holding to my side. I doctored with several doctors but found no relief and they said I would have to have an operation. My mother insisted on my taking Lydia E. Pinkham's Vegetable Compound and I soon found relief. Now I can do all my own work and it is the Vegetable Compound that has saved me from an operation. I cannot praise your medicine too highly and I tell all of my friends and neighbors what the Compound did for me."—Mrs. MARGARET McCUMBER, 27 S. Frazier St., Georgetown, Illinois.
Mrs. McCumber is one of the unnumbered thousands of housewives who struggle to keep about their daily tasks, while suffering from ailments peculiar to women with backache, sideaches, headaches, bearing-down pains and nervousness, and if every such woman should profit by her experience and give Lydia E. Pinkham's Vegetable Compound a trial they would get well.

The Lure of BIRTH STONES

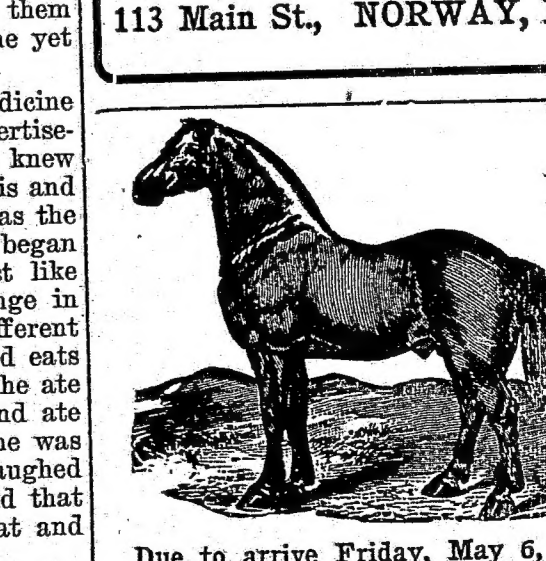

JUNE
To have been born in June is to wear the pearl as a birthstone. A necklace of pearls is accredited with magnetism of drawing to one as many friends as there are stones in the necklace. In the Arabian Nights Prince Farris gave his sister Perizade a necklace of pearls that are like unto chains chained with rays of silver. To her he said, "So long as the pearls move on the chain, all is well, if they stick, I shall be in dire need of them."

HUDSON

Another Hudson Distinction

Much more than mere ability to travel quickly and safely is demanded of fine motor cars, now that men know the difference in comfort that comes with smoothness of engine operation.

It is not easy spring action which alone accounts for a comfortable ride. Riding fatigue is not entirely eliminated even over smooth roads, for that feeling of exhaustion is usually the result of motor vibration.

The luxury of motion describes the performance of the Hudson Super-Six.

Yet it falls as far short of conveying the distinction as does mere description of exquisite music.

It must be experienced to be understood.

Told in Day to Day Service

Thousands of Hudsons are used in commuting service between town and country.

For the most part they are owner operated. They are driven on schedule by men who must value every minute. And further they must arrive at

their destination fresh and fit for their day's work. The distance may be 30 to 50 miles—the time at the wheel from one-half to two hours.

Whatever the conditions, men who use their cars in such necessary services, seek more than mere transportation.

For Duty That Demands Utter Reliance

And that is why Hudson is such a favorite.

Its dependability, its comfort, reliability and distinction are satisfying qualities.

Hudson has built up no class of motorists as its clientele.

It has drawn its friends from all motorists.

It is the family car, the man's business car and the woman's automobile.

To each the appeal of reliability and smoothness of operation is strongest.

Today more than 100,000 owners hold envied confidence in Hudson because of its motor invention.

BASEBALL

N. H. S. 2; McFalls H. S. 1

One of the best games put on at the fair grounds this season was pulled off Saturday afternoon when Norway High and Mechanic Falls battled neck and neck. Close fielding for both teams and sharp twirling by Tracy and Purington, gave the routers a thriller and held all in suspense until the last batter went up. Goodwin secured the home run in the first session for Mechanic Falls, being hit by Purington, sacrificed by Walker, and scoring on the error at third. Only in the second inning did any of the visitors show any indication of reaching the danger mark.
Not until the fourth did Norway get into the harness for anything like score making. Purington was passed, stole second and scored when Descoeau singled. The second run was caged by Nevers in the sixth on two fielding errors and Allen's hit. A good hit was made for more runs in the seventh, but two clean singles by Cummings went into the discard when Hartford retired Cummings on a long throw at the plate. The score:

Amusement Park Idea Launched

Fred Kilgore, the real estate dealer, has a plan to boom Norway and vicinity. Early Lake Pennessawassee. He owns six acres, part of which extends into the lake near Freeman's Point. His idea if carried out, would bring into existence a dancing pavilion, refreshment booth, rustic seats in the grove and a brilliant electric lighting effect. Excellent parking space is near at hand and the whole amusement park would be only a few rods from the highway and easily accessible. The place is famed by cooling breezes from the White Mountains and would prove an attractive proposition according to Mr. Kilgore's way of thinking.

Howard D. Lasselle has finished his work at the shipyard in Bath and is spending some time about Boston. According to a post card he is chasing baseball games, having seen the Braves and New York in two battles and the Brooklyn and Boston in another pair. Howard writes: "It's a great life if you have the coin and don't weaken." The Ramblers were entertained Friday evening at the home of Mr. and Mrs. Oliver J. Foss, Paris Street. At seven o'clock a fine supper of French fried potatoes, cold roast meat, hot rolls, coffee, ice cream, cake and fancy crackers was served. Following the supper a pleasant social evening was enjoyed.
Mr. and Mrs. Albion L. Buck spent the week end with his mother, Mrs. W. S. Buck, at her home at Northwest Norway.

Song, "The End of a Perfect Day"

There are 27 who have been members of Norway Grange 35 years of these 27 were present.
Dinner was served by the younger members. This was one of the most interesting meetings of the year.
June 11 will be observed as "Children's Day." The program will be in charge of Issie Cox and Annie Brown. It is hoped a good number of the children will be present and take part in the program.

A party of twenty gathered at the home of Mr. and Mrs. Ralph Andrews on Paris street, Monday evening to celebrate the birthday of Mrs. Mary Wight who has a home with the Andrews family and Mr. and Mrs. Alvin Scribner. Four generations were represented by Mrs. Wight's two daughters, Mrs. Celia Wight and Mrs. Helen Scribner, also one son, James Wight of West Paris. Margaret T. Andrews, great granddaughter of Mrs. Wight, assisted in serving the refreshments which included ice cream, fancy cookies and sandwiches. A happy evening was enjoyed to its fullest extent.
Annie S. Emery, a teacher in the Butler School at Portland, was the guest of Mr. and Mrs. E. N. Swett over Memorial Day. She was an instructor at Norway High School fourteen years ago, and lived in the Swett family during her engagement here.

The Ideal Ointment

"I had not been able to use one of my horses for several weeks, owing to a sore neck. I applied Petro-Tan to the sore and in a few days began to use her. It entirely healed the sore while she was being worked."

W. E. BRYANT.

"I burnt my arm on the stove. The burn was big over as a teacup and very painful. I covered it with Petro-Tan and bandaged with a cloth. It removed the smart almost at once and in two days I would not have known there had been any burn except for the large scar."

Petro-Tan (pronounced Pet-ro Tan) is the ideal Household and Stable remedy for all injuries and wounds of the skin. It is especially adapted for use on cuts and burns on children. Sold by druggists. Three sizes: 25c, 50c, \$1.00.

MY DAYS AND NIGHTS IN THE HOSPITAL

No. 10

Mr. Fred W. Sanborn, the editor, also remembered me while in the hospital. He had himself been "under the knife" and was sympathetic. Mr. Sanborn was operated upon at home and has had no hospital experience. He came to Norway from "God's Country" in New Hampshire 35 years ago or more and began the publication of the Norway Advertiser which had had a precarious existence. It is now probably the best equipped and most valuable local newspaper plant in New England, but I have thought that Mr. Sanborn's success—greater than any man who has settled in Norway in my time, with the possible exception of the future Governor of Maine—was due more to the "madam" than to him. I think her the ablest woman I know. Mr. Sanborn is a great business man. He makes some mistakes like all the rest of us, but not in business matters that I am aware of. I have an idea that he deeply regrets his part in having the town elect its selectmen and assessors for three years. He was the author of the measure and finally it became a success, principally through his efforts. He and I have not always agreed—nothing serious, however—and I think he likes to get "a good one" on me, but sick or well, I have never been eager for the fray. He claimed that I threatened to "kick the stuffing" out of him once but I didn't. I only said I could, when he mentioned in his "Barn Door Sketches" that I was getting crippled up and growing old. After I got home from the hospital and began to get out of doors some, I used a cane that Bob found around the house. On seeing it, Mr. Sanborn said it was his. He identified it from a certain mark on the cane. Bob said it had been in the house for many years, but how it came there no one seemed to know. Mr. Sanborn has become of late a great cane fancier. He cuts them in the rough and polishes them up. I noticed a large collection down at the club room and in the printing office. There was but one I would be seen on the street with. He thinks they are fine and perhaps they are, but if so I am "way off" in my opinion. The cane Mr. Sanborn claimed and passed it over to Bob. My good friend, John Woodman, "the best man in Norway," lent me a cane that, according to my poor judgment, is a dandy. This I sported for a time when I wished to put on airs on the street. I have since found my battlefield cane and have returned Mr. Whitman's to him.

I have known since I came to Norway many hotel keepers, and three stand out prominently above the rest in my memory and feelings towards them. I was a student in the high school when I first knew Otis True, landlord of the old Elm House. He went to Lovell before I came to Norway to live permanently and I afterwards stopped with him there, while "stumping" in the western part of the county one year. Who that ever knew Otis True, failed to like him?

Capt. Wm. W. Whitmarsh and his excellent wife, daughter of good old Capt. Jonathan Blake, were running the Elm House Hotel when I settled here. I then occupied the old Levi Whitman office, built about 1895—situated where Jackson's Meat Market is located and of which it now forms the front part. About the first business I did was for Capt. Whitmarsh and he was ever after my firm friend. I afterwards had the satisfaction of presenting his name to the Republican County Convention on Paris Hill for re-nomination as County Commissioner which he secured by one majority.

A delegate from Brownfield, who had been in the Civil War, told me after the convention, that my presentation speech induced him to vote for Whitmarsh which he hadn't intended to do when he left home. This vote gave the Captain six extra years as county commissioner. He was the strong man on the board when Hill to South Paris, but for his efforts it is pretty safe to say that the county seat would have remained on Paris Hill. I was offered the position of president of the convention by the chairman of the county committee to prevent my speaking for Whitmarsh. I would have liked the position, but I wouldn't "go back" on my friend. Later I was personally benefited by the removal of the county seat, for when I was elected clerk of the courts I didn't have to change my residence.

Norway's "grand old man" has recently joined the great majority on the other side. Peace to his ashes.

And what can I say of Mr. John Woodman but good things? For many years he kept a hotel and for a period was landlord of the Peas Tavern. He, aided by his smart wife, has acquired a competence and they can live the rest of their days as they please. If there is a more popular man than Mr. Woodman, I do not know him. There's no one I like better.

C. F. Whitman.

Elizabeth Bartlett of Andover, who is attending Wheaton College was in town Saturday to attend the funeral services of her sister, Frances Bartlett, at Stoneham, Sunday.

The drama Willowdale, presented by the Waterford Dramatic Club will be given at the Mothers' Club Hall, Norway, Lake, Friday evening, June 3. The drama will be followed by a dance.

Hal R. Eaton, well known in this vicinity, has been elected head master of Manchester, (N. H.) High-School, to succeed principal George L. Perkins. Prof. Eaton is principal of Lynn, (Mass.) English High School and will probably accept the new position.

HOLD ON TO YOUR BONDS

If it is at all possible, we advise every purchaser of Liberty Bonds to hold on to them.

"The foundation for making America a thrifty nation was laid during the first Liberty Loan campaign when for the first time in the history of this nation people were taught the lesson of saving their dollars," said an authority on financial questions, recently. Some short-sighted men have been tempted to sell their bonds during the period of market recessions.

The fact that the market price of Liberty Bonds has depreciated along with the securities of other governments and corporations has absolutely nothing to do with their intrinsic value.

A matter of fact, Liberty Bonds are exactly as good today as they were on the day the government sold them. The mere fact that they have depreciated in price makes this a more opportune time to buy them because they yield a larger return.

The causes of present prices of Liberty Bonds are numerous. An outstanding fact is, that the call for money to carry on manufacturing and industrial activities has compelled many large holders of Liberty Bonds to sell them. Many employers finding it necessary to obtain large amounts of cash to carry on business, buy raw materials, pay wages, etc., have chosen to sell their Liberty Bonds because, being the best securities in their possession, they were relatively speaking, they have depreciated the least in market value.

Such of course, while regrettable, no doubt has prevented the shut-down of many factories. These and other factors created a situation where there were more persons desiring to sell their bonds than there were people wanting to buy them.

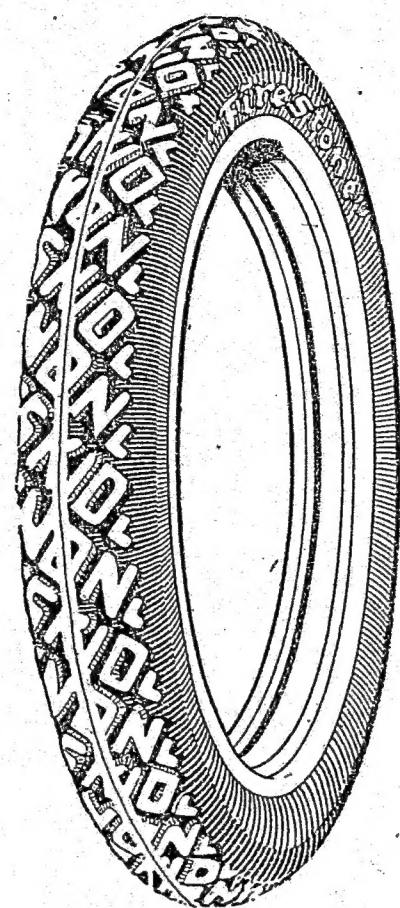

The government is of course not responsible for the low prices of Liberty Bonds. It is simply a case where John Ford sells his bonds to the Smiths through the machinery of the market for less than he paid for them, the government having no part in the transaction.

In the open market the loss of one person may be the opportunity of another. By retaining his bonds and by buying more at present prices the investor is therefore benefited, as by so doing he averages down the cost of his bonds and increases the yield. These bonds, while depreciated in market value, are backed by the entire strength and resources of the nation. The government has made a definite contract to pay interest at regular stated periods and to pay the face value when the bonds mature.

It is generally believed that in five years or perhaps sooner we will have stabilized our present economic conditions so that Liberty Bonds will regain their 100 per cent value in the market. While we may differ as to time, we are unanimous with respect to the ultimate outcome. It is therefore in our best interest to hold on to our Liberty Bonds and to avail ourselves of present market conditions to purchase more bonds at present advantageous prices.

A large number of the world war veterans from the sanatorium on the hill marched in the parade, several of the Civil War veterans who were unable to march were taken in autos. Post Commander C. T. Wardwell acted as marshal and W. E. Perkins led the band. The ritual service at the cemetery was read by Chaplain W. W. Andrews and Quarter master A. J. Holden.

The Methodist Church was filled while Hon. Josiah W. Taylor of Augusta gave the address. A beautiful dinner was served by the W. B. C. in the vestry of the church to which more than 250 were served. Comrade A. J. Holden presided at the exercises in the church. The singing by the young ladies led by George H. Jones was a pleasing feature of the occasion.

Mrs. Grace Siders of Portland was in town over Memorial Day.

FARM BOOKKEEPING

Farmers, as a rule, are highly individualistic in their methods, and farm business conditions vary widely. Accordingly, read-made systems of farm accounts seldom bring out all the facts that the farmer ought to know. Systems must

be developed to fit each man's requirements, and efforts to shape one's needs according to a prepared system, not based primarily on these needs will almost inevitably result in failure.

HEBRON ALUMNI MET IN BOSTON

About 200 Hebron Alumni from greater Boston and the vicinity gathered Friday night at the annual banquet at the Copley Plaza, Boston. An excellent dinner was served after which speeches were made by prominent members of the alumni association.

Acting Principal Ernest C. Marriner, outlined the work of the school during the present year and what the institution was endeavoring to accomplish. No effort was being spared to make Hebron one of the best preparatory schools in the country. Prof. Raymond R. Thompson, head of the science department was also present.

Plans were made for forming an association of the entire alumni of the academy and bringing everybody together in the drive that is being made for a larger endowment fund for the institution. For some time the need for an organized alumni has been felt and at last the ball has been started rolling and soon the project will be in full swing.

The matter of a new dormitory was also taken up and it was decided to take immediate action in this matter for the need is acute for accommodations are insufficient for the present needs.

A great deal of satisfaction was expressed over the choice of the new principal James D. Havet, now of Medford High School, who will assume duties next September at the academy.

Why Pick On Your SHOE DEALER

It is a well known fact that tanners and most shoe manufacturers have taken enormous losses. One tanner alone lost \$6,000,000.00 last year. Shoe retailers all over the country are marking down their shoes to replacement cost. Nevertheless, the woods are full of amateur economists WHO CLAIM PRICES OF SHOES WILL SHORTLY RETURN TO PRE-WAR LEVELS, BUT WILL THEY? YES, THEY SURE WILL:—

When hard coal is back at \$9 per ton;
When railroad fares are back at 2c per mile;
When house rent is back at \$10 per month;
When gasoline is back at 10c per gallon;
When telephones are back at \$1 per month;
When a square meal is back at a quarter;
When farm labor is back at \$25 per month;
When gas is back at 90c;
When shaves are back at 10c;
When the freight from N. Y., now \$1.84, is back at 97c;
When street car fares are back at a nickel;
When money is back at 5 per cent.;
When cooks are back at \$5 per week;
When hair cuts are back at a quarter;
When movies are back at a nickel;
When a car-wash is back at a dollar;
When ice cream is back at a dime;
When a doctor's call is back at one buck;
When a newspaper is back at a penny.

For the love of Mike, why expect the manufacturer, wholesaler and retailer of shoes to go the route alone? Aren't we Americans all in on this proposition together? Haven't we got to work it out together? Well, then, haven't the manufacturers, wholesalers and retailers of shoes gone much faster and much farther than the average in reducing prices and making readjustments? WE'LL SAY THEY HAVE. We're ahead—way ahead of the procession. Now let the barbers and the movie houses, and the Standard Oil, and the soft drink parlors, and the landlords, and the hotels and restaurants, and the draymen, and the bankers cut THEIR prices and catch up with the shoe men.
